

Your Invitation
to the Exclusive World of Lifestyle Yachting

AZUREA
Lifestyle Yachting

Whether it's feeling the ocean breeze in your hair as you cruise towards a distant island or dining on the deck with your friends at sunset, boating provides a unique opportunity to relax and unwind.

Azurea Lifestyle Yachting opens up the rich experiences of boating without the commitments and challenges normally associated with it. You don't even have to know anything about boating as Azurea organizes everything, from your itinerary to on-board dining and the activities you want to enjoy during your time at sea.

Imagine having a state-of-the-art luxury motor yacht and dedicated and highly-experienced crew at your disposal. Your personal concierge will ensure that the boat is stocked with your choice of food, soft drinks and gourmet teas and coffees as well as your favorite wines and spirits.

To compliment its high standards of on-board service, Azurea has selected Horizon luxury motor yachts for the programme. Ranked sixth in the world, award-winning Horizon is renowned for the high standards of finish of its vessels as well as its use of SCRIMP™ construction techniques which give tremendous strength and lightness to the boat's hull providing both fuel economy and safety.

A passion for service

Azurea Lifestyle Yachting is the brainchild of Annie Lin, co-founder of successful yacht sales and charter company Kingfisher Marine.

'I want to introduce a fresh simplicity and convenience to yachting,' Annie explains. 'A new experience that combines the delights of boating with the standards of service normally associated with five-star resorts. Azurea is as much about hospitality as it is about boating.'

There's no doubt that Annie's passion for sharing both the pleasures of boating and the satisfaction of superb service means that Azurea members are sure of some memorable experiences during their time at sea.

'Azurea combines the delights of boating with the service of a 5-star resort.'

Join Azurea as a member and you have access to a luxury motor yacht for either seven consecutive days, or two three-day periods, every year. Additional days can be arranged at preferential charter rates.

Membership simply involves an initial fee and a modest annual maintenance charge. Choose the best option to fit your requirements and lifestyle from three membership categories: Azurea Gold, Azurea Platinum and Azurea Diamond.

Cruise from either Singapore or Phuket – exploring some of Asia's beautiful unspoilt islands or simply taking cocktails with friends on deck as the sun goes down with the magnificent backdrop of a deserted beach or the lush vegetation of a mangrove swamp.

Azurea Gold

Azurea Gold enables you to relax on board a superbly equipped 53 ft Horizon motor yacht. This beautifully appointed yacht sleeps six passengers in one en-suite master cabin and two double guest cabins.

All on-board dining and soft drinks are included in your Azurea membership, so make the most of informal dining buffet or barbecue style. It's a great opportunity to treat your family and friends or impress business partners.

From the privacy of your own yacht there are waterborne activities to suit everyone from kayaking and diving to snorkelling and fishing.

With the Horizon 53 you are within easy reach of Bintan in Indonesia or the beautiful Seban Cove in Malaysia from Singapore and the hundreds of islands in the Andaman Sea if you cruise from Phuket.

Azurea Platinum

Azurea Platinum enables you to cruise in style on a luxury 73 ft Horizon yacht. Up to six passengers can enjoy her luxury in one en-suite master cabin, one en-suite VIP cabin and one en-suite double cabin.

All on-board dining and soft drinks are included in your Azurea membership, so enjoy the sumptuous cuisine of your own on-board chef who will prepare food to suit your tastes as and when you wish to dine.

From the privacy of your own yacht there are waterborne activities to suit everyone from kayaking and diving to snorkelling and fishing. For the more adventurous, the Azurea Platinum enables guests to enjoy water skiing and jet skiing too.

After all the activities you and your guests can enjoy a relaxing massage from your own on-board spa therapist.

From Singapore the Horizon 73 can easily reach Tioman in Malaysia or Anambas in Indonesia. From Phuket you can cruise to any of the hundreds of islands in the Andaman Sea, such as the Similan Islands, or tranquil Langkawi in Malaysia.

Azurea Diamond

Azurea Diamond features the delight and indulgence of Horizon's top of the range 130 ft megayacht. With Azurea Diamond your guest list can include up to 12 passengers accommodated in one en-suite master cabin, one en-suite VIP cabin and four en-suite double cabins.

Once you've fully explored the sheer luxury of this megayacht, enjoy activities such as kayaking, diving, snorkelling, fishing, water skiing and jet skiing ... with two jet skis provided.

Your two on-board spa therapists will ensure that you and your guests are totally pampered, providing traditional Thai massage and aromatherapy. This is a superb way to relax the mind as well as the body.

The spacious Horizon 130 means that you can host fabulous deck-parties for up to 50 guests or enjoy formal dining for 12 in the luxury of your own salon. All food is prepared by your own on-board chef and served by your own personal steward.

From Singapore the island of Phuket is within easy reach, from where you can explore the hundreds of other islands in the Andaman Sea. Starting from Phuket you can sail to the Andaman Islands in India, or explore the unspoilt charms of Burma.

*‘All you have to do
is decide which wine you’d like
and where you want to go.’*

Extended member benefits

Included in the membership fee is a range of extended benefits provided by Azurea and its business partners – from golf to spa treatments as well as preferential rates for boat charter and purchase. These make Azurea membership an all the year round experience.
